LONG LOST.—The Eastern Argus relates a very interesting sketch of a son of Mr. Wilbur, of Bethel, Me., who was lost in 1827, when but two years and ten months old. He was playing with larger children, but strayed from them, and nothing further was known but that screams were heard. The feelings of the parents thus bereaved can possibly be imagined, but we will attempt no description. Search was made far and wide, but no tidings were received. None but the parents expected to hear from him, but they still advertised him, till, strange to say, a day or two ago he was recovered, under very peculiar circumstances. Two of Mr. Wilbur's daughters at work in the Saco factories, saw among a body of Indians, encamped there, while, young man, in whom they recognized a resemblance to their family. They accosted him, and soon claimed him as a brother. Of course he had no knowledge of them, but wished to see their father. They sent for the old gentleman and the recognition on his part was complete. A young man, now 23 years old, had been told many stories of his parents, but knew nothing of his abduction. The Indians are now encamped at Cape Elizabeth, opposite Bethel, with the youth and his wife, for he married an Indian girl last spring.

The Argus adds "He has promised his father he will go with him to Bethel, where the old gentleman intends to build him a house, and give him all the license he wants to roam about in the woods, in consequence with the habits of almost his whole life. The father came into our office, on Thursday, to tell of his success. He was as happy as a boy just let out of school."

"Ah!" said Mrs. Partington, "I never could see why people who sat in the gallery of the clock, should be in the body!"
"How do you like the bustle and confusion of Boston?" asked the shopkeeper, as Mrs. Partington stood by the counter. "It gives me confusion to see you," said the old lady; "folks didn't do so when I was a girl; and besides, what an awful sight of bran and cotton it takes, to say nothing of their awkwardness when they get slipped on one—I mean," broke in the shopkeeper, "the bustle and confusion of the streets."
"Oh!" said Mrs. P. "that is quite another thing!" and immediately left the store.

"Why, you'd better knock the door down!" What do you want?" "Och my darling! don't let me wake any of your family; I'm just using your knocker to wake the pimple next door; I'm locked out dy-b-see, and they've niver a knocker!" Rap! rap! rap!

CANDID EXPOSURE.—Mr. Gough, the temperance lecturer, said, in a lecture recently, that he had so little confidence in his own power to resist temptation, and so fearful, lest at any time he should again fall, no sum of money, however large, no prospect of worldly advantage, would induce him to pass a night in a room with no companion but a bottle of brandy.

37-The Aristocracy of England now maintain the following standing army:—300,000 servants 500,000 dogs; 200,000 horses; 600,000 of different kinds of game to minister to their indolence, pride, and hollow pomp, while hundreds and thousands have been starving for a morsel of food.

SECONO ADVENT.—The Adventists held their first meeting in their Big Tent, at Niblo's Garden, New York, on Wednesday afternoon. We learn from the papers of that city that Mr. Himes gave a discourse from Matt. vi. 10, on the Kingdom of God. He endeavored to show that this Kingdom was in the future; and that it would be set up at the personal second Advent of Christ. And notwithstanding dates might have failed, yet the event was sure. As to the time of the event, he showed from the second chapter of Daniel that nearly all the events predicted in Nebuchadnezzar's vision had been fulfilled, and that the next event and the last in the series, would be the setting up of the everlasting Kingdom of God in the New Earth, which may now come at any day. Neither he nor any of his associates now fix on any definite time.

THE DEACON'S COUPERSHIP.—Deacon Marvin, of Connecticut, a large landholder, and an exemplary man, was exceeding eccentric in some of his notions. His courtship is said to have been as follows:—"Having one day, mounted his horse, with only a sheep skin for a saddle, he rode in front of the house where Betty Lee lived, and without dismounting, requested Betty to come to him; on her coming he told her that the Lord had sent him to marry her." Betty replied, "the Lord's will be done."

33-Capt. Francis Harrison, for many years United States Commercial Agent at Port Plata, St. Domingo, died there on the 27th August.

GENUINE BEAR'S OIL.
Highly Perfumed.—Perhaps our ladies and fashionables are not aware that three-quarters of the "Bear's Oil," (so called) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells a ounce until he knows it to be genuine. The real Bear's Oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

THE DAILY NEWS.

Newport:

FRIDAY, OCTOBER 1. 1847.

BY O. F. JACKSON, 57-THAMES ST.

WHAT WILL CONGRESS DO?—A Washington correspondent of the New York Herald asks the above question, and then answers it as follows:—

1. They will wrangle and discuss for three months the war and its expenses.
2. They will make a vigorous effort to remodel the tariff, of which the result is uncertain.
3. Same of the Sub-Treasury.
4. They will pass the river and harbor bill. It will be vetoed; and they will then pass it over the veto.
5. They will decide on both sides on their Presidential Tickets, and all the legislation of Congress will be in reference to the succession.

33-Capt. Hamley, late of ship Stonington, of New London, arrived home on Saturday last. While landing some passengers from his ship at San Blas, in March last, he was detained on shore by the authorities and his vessel sailed without him. He afterward proceeded to Guayaquil, whence he took ship direct for Baltimore. The vessel in which he was a passenger, spoke a ship off the Coast of Brazil, which had been into the port of Macao to stop a leak, where she saw the bark Fame, of New London. It has been ascertained that she had made one voyage after slaves, and was supposed to be fitted for a second voyage at the above port. The vessel which saw her there, also reports the U S brig Bainbridge going into Macao as she came out.

33-Brig Gen. Taylor reported aground about a mile NE of Tuckermack, still remained there on the 28th. The Nantucket Enquirer of the 29th says:—Several trunks and a gold watch were found in her cabin. It has been ascertained that her crew are not on Muskeget or Marthus Vineyard, and as nothing has yet been heard from them (28th) they are supposed to be lost. On Monday, a yawl boat, a compass and an oar were found at Muskeget. A fire had recently been made in the Hurricane House there; all of which have led some persons to suppose that they landed there and left again in their long boat. It has been found that the crew consisted of 7 men, including Captain and officers; and from appearances it is judged that there were some few passengers. The brig remains perfectly tight, is in 5 feet water at low tide, and after discharging part of her cargo will be got off. One lighter load has already been taken out. She is a new vessel, was commanded by Capt. Libbey, and was bound for Fall River.

A STRANGE FLOWER.—The Ohio Register says that one day last week, some men who were working upon their streets, broke a stone in two in which was found a beautiful purple flower, with some green leaves as fresh in appearance and as soft to the touch as though it had been grown in a green house. How it came there is a mystery. The stone has been in their street for twelve years. But the flower was evidently in the stone when it was quarried. Perhaps it had been there from "time whereof the memory of man runneth not to the contrary"—say, for ought we know it is an antediluvian flower. Mr. S. S. Youngs says, "the flower resembles the Hibiscus species—but the leaf is more nearly the rose—but it is not exactly like any flower now a native of this country, nor indeed like any exotic cultivated here." He adds, "It most probably grew in the hole of the rock where it now is; but the rock must have been earth when it grew."

A FACT FOR NATURALISTS.—A load which had been buried under a reversed flower-pot three feet beneath the surface of the ground, by Mr. Samuel Clarke, of this city, butcher, on the 14th of June, 1846, was by the same gentleman disinterred a few days since. No sooner was the little animal taken up than he gave evident proofs that to be "buried alive" did not, to him, necessarily involve cessation of existence; for he instantly commenced shipping about, many of his bristles extending to the height of six inches into the air. His mouth was closed up with a white skin, but his eyes were all sparkling as when, on that day twelve months, he was put below the ground. — Albany paper.

Matters and Things in General.

33-Yesterday was a singular sort of a day. In the morning the sun rose clear, but shortly after, it was hid in the clouds. About 10 o'clock it commenced raining, moderately at first, but in a few moments from the time it began to fall, it came in torrents, and continued to fall at that rate for about half an hour, when it slacked off gradually, and between eleven and twelve stopped entirely. The clouds then commenced breaking away, and by 12 o'clock the sky was as clear as a crystal, not the sign of a cloud to be seen, and the effulgent rays of the sun soon dried up the rain on the side-walks, and the afternoon was a glorious one.

BARK DAMON.—Letters have been received in town from Capt. Davenport, late of the bark Damon, written from Havana, stating that the Damon was totally wrecked on a coral reef in the vicinity of Gallapagos Islands on the 28th of June. She had on board at the time between 300 and 400 barrels of oil.

The Damon was owned in this town by the following gentlemen: Nathan Hammett, Joseph Weaver, Oliver Potter, Geo. Bowen & Co., Silas H. Cottrell, Samuel Allen, John S. Langley, Capt. Davenport, and Estate of N. S. Ruggles.

• Were insured.

33-In our edition of yesterday, a few slight errors crept into Mr. H. Tisdale's advertisement of Jennings' Patent Safety Gas Lamps, which will be found in our columns to-day in correct form, to which the attention of our readers is invited.

33-The Union Magazine for October is a superb number, containing two most splendid mezzotint engravings—"The unwilling bride," and "Innocence and Fidelity." Its contents are worthy of being read by every one, with more than can be said of all magazines. The "Union" is published by Israel Post, 140 Nassau street, New York, and is edited by Mrs. C. M. Kirkland, a very popular writer.

33-The October number of the "Foreka; or National Journal of Inventions, Patents and Science," published by Kingsley & Pierson, New York, is issued, and contains several designs of new machinery, besides it. It is furnished to subscribers at \$1 per annum.

GRAIN STATISTICS.—One is lost in wonder while contemplating the incredibly vast amount of breadstuffs received this season at tidewater. At the port of New York alone, from the commencement of navigation (which was later than usual,) to the 14th of last month, the receipts were as follows:

	Flour, blrs.	Wheat, bush.	Corn bush.
1847, 2,535,414	2,680,194	4,837,894	
1846, 1,639,301	1,064,974	1,065,890	
Increase, \$76,113	1,615,220	3,772,004	

LARGE DRAFT FOUND.—On removing a pile of wood on the steamboat dock at New Haven on Tuesday, an old pocket book was found, apparently rifled of its contents, with the exception of a draft for \$100,000, dated New Orleans 27th of April, 1847, payable to the order of Wm. Whitlock, Jr. Esq., New York, and signed by the same individual, but not endorsed.

NEWSPAPER CIRCULATION.—The issue of all the morning papers in New York city amount to 75,000 sheets daily.—Exchange. The Sun and Herald each claim to have a daily circulation of 40,000, and there are several other morning papers besides these.

33-We are likely to have another Mormon agitation in this country soon, says a Pittsburg paper. "An elder of Israel" is demonstrating to the people of Cincinnati, that Joe Smith will rise again in three years and a half from the time of his death, and other interesting events are predicted.

BINDING THE DEVIL.—A fanatical sect are now perambulating the streets of London, offering for signature a petition to heaven to bind the devil. The wear belts around their bodies, on which are inscribed texts of Scripture. One of them was asked who would present the petition? He answered Joanna, their prophetess, herself!

SECRETS.—The Russians have a singular method of extorting disclosures from prisoners. In their libations is mixed a drug, which has the effect of rendering them delirious, and in this state they are watched and interrogated, when secrets are divulged.

33-The state of Arkansas invites emigrants to come and take lands which have been forfeited for taxes, and no payment will be required of them. The auditor, upon proof of settlements, will make a deed, which the supreme court has decided will be valid. The forfeited tracts comprise some of the finest lands in the state.

33-A servant girl applied to a druggist a few days since, for six cents worth of the "glory of rhyme." She had been sent for chloride of lime!

33-A fine young man named Henry Runyon, residing in Hillsboro, near Somerville, N. J., died on Friday last from hydrophobia, contracted by the bite of a dog on the 4th of August, last, and of which he felt no symptoms till Sunday week.

To enable Mankind to Die of Old Age without Disease.—The public may not be aware that the Rev. B. Hibbard's Vegetable Pills are the very best Family Medicine extant; perfectly reliable in every emergency. No one can foresee the moment when they or their children may be attacked. Disease comes like a thief in the night, and in times of peril, anxiety and danger, it is a relief to find a remedy so certain, prompt, and efficient in warding off as well as curing disease. Ship Fever, Typhus Fever, Congestive and Billious Diseases are rife throughout the land. To travellers, emigrants, soldiers, and families, we say neglect not these pills. They are with so potent a jassifier of the blood; so safe, mild, and universal a remedy as these sovereign Vegetable Pills. Remember the name of Rev. B. Hibbard is on the label of each box. 33-The most prolific source of disease is undoubtedly impurity of blood. And to it no people are more subject than those of this country, from the plentiful and comparatively luxurious diet in which their prosperity enables them to indulge.—To purify the blood, and remove bowels from the unhealthy state produced by that impurity, Brown's Sarsaparilla and Tomato Bitters are extremely well calculated. They will eradicate those impure humors which are the source of uncleanliness to the system and occasion such deformity when they make their appearance exteriorly. The demand for the above Bitters is rapidly increasing in all places where they have been sold, and there is scarcely a day passes but we have some ordered by our first physicians, for dyspepsia, indigestion, weakness of the stomach and limbs, costiveness, general debility, rheumatism, &c. In fact there is not the least doubt but they are the best alternative now in use for a disordered system. The vegetables that these Bitters are mostly composed of are too well known to have the least said in their favor. Remember in all cases when you purchase Brown's Sarsaparilla and Tomato Bitters, to see that the directions are signed by the proprietor, F. BROWN, in his hand-writing, without which none are genuine. For sale by R. J. TAYLOR.

SAND'S SARSAPARILLA.—Thousands of persons are heirs of scrofula; they come into the world with the taint in their blood, which, by the time they reach maturity, develops itself in some form or other. All such persons should keep a stock of this preparation by them, if at a distance from any town or city where it may be procured. Nor should they wait for the disease to show itself in ulcers or eruptions but should keep it down by frequent resort to this unrivaled antiseptic. The seeds of scrofula, though hereditary in the blood, will not germinate while that fluid is under the influence of this powerful detergent, which, if administered at intervals, will keep down the hereditary tendency through life. As "prevention is better than cure," we recommend all who have a predisposition, hereditary or otherwise to ulcers or eruptive diseases, to go through a course of this medicine at least every Spring and Fall.

Prepared and sold by A. B. & D. SANDS, Druggists, 100 Fulton st. N. Y. Sold also by Dr. R. R. Hazard and R. J. Taylor, Newport, by J. Russell, Fall River, by G. Dyer, For sale by R. J. TAYLOR.

JONES'S SOAP. Ladies in the country and watering places, See how the sun has burnt your faces! Look at your necks—how yellow, dark with tan; Why, 'twill repulse the love of any man! Those freckles, too, you know they'd quickly fly If Jones's Soap you'd use; come on—do try—It costs but fifty cents, and I am told It's worth, ay, doubly worth, its weight in gold. Persons who have had no faith in it, have been astonished at the wonderful effect of Jones's—that is, the genuine Jones's Soap—in beautifying the skin. For sale by Dr. R. J. Taylor.

DAGUERREOTYPES. All persons who have claims upon Manchester & Brother for Daguerreotypes must call and have them taken within two weeks, and those owing the above firm, will please call also within that time, as they wish to settle all accounts before leaving. And now to the public in general. We offer you all to improve the present good opportunity of obtaining a Daguerreotype. You may show your friends, and those bound to you by family ties. You will never regret the little exertion it will cost you, for it will be a great consolation for you to know you have them in your possession even while your friends are about you. But this is not all—a separation must take place either sooner or later, and then such a memento will be to you invaluable. Rooms in Vose's Washington House, at the head of Bath st. H. N. MANCHESTER, E. H. MANCHESTER. Sept. 13th

From the Boston Daily Whig, of Feb. 12, 1846. HYPERTON FLUID.—Those who wish for a valuable preparation for the hair, are referred to Mr. Bogle's advertisement in another column. His Hyperton Fluid, it is supposed, will soon supersede most fluids now in use for the hair, as it is a very superior quality.

[Extract of a letter from Dr. Williams of Vt.] Gentleman—I will thank you to send me two dozen more of your Sarsaparilla and Tomato Bitters. I have used it with great success in four cases of dyspepsia, curing each of them in an almost incredible short time; likewise one case of scrofula humor and one of jaundice. I consider it a valuable compound, and must say I have used it with the happiest effects. Should like to have it as soon as convenient. One of the cases of dyspepsia was a gentleman who had suffered a long time, and had been to the Springs for two seasons.

A. Boyden, Esq., of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect. For sale by R. J. TAYLOR.

HIBBARD'S Vegetable and Anti-Bilious FAMILY PILLS are not found to be the most convenient, the best physic you ever tried, and fully equal to any recommendation of them,—if you do not find that one of these pills does more good than from four to six of any other kind, every agent stands ready to receive the empty boxes and refund the money.

**The great and only Successful
Remedy for the cure of Con-
sumption.**

IS Dr. E. W. Vandersmith's INDIAN COUGH
BALM and LUNG BALM.
LUNG-BALM.
Disease of the Lungs and Throat cured.

White Plains, April 20, 1841.
This is to certify that I have been afflicted for
five years with a cough, pain in the chest, night
sweats, difficulty in breathing, &c., and I also
expectorated a large quantity of frothy matter and
blood, from which I was reduced to a perfect
skeleton, my throat was very much altered. I
had lunar caustic applied to my throat twice a
week, but received no benefit; I have used one
hundred different kinds of Patent Medicines, re-
commended by my friends, but all to no purpose.
A friend of mine, Mr. Willett, whose lungs had
been affected for two years past, was cured by Dr.
Vandersmith's Medicine. He insisted upon my
trying Dr. V. and I did so. After I had used his
medicine 15 days, I expectorated large quantities
of yellow frothy matter, my chest expanded, and
my difficulty in breathing subsided. I persevered
with his medicine, and the result has been, I am
perfectly cured of all my sickness. I recommend
every consumptive to try Dr. V.'s medicine, I am
confident it will cure you. Your sincere friend,
EDWARD C. THOMPSON.

A. H. MICKLE, Mayor of the city of N. Y.
In testimony of the Lungs.

New York, June 19, 1841.
cough, pain in the chest, difficulty of breathing,
&c., for many years past. About four months
ago I took a severe cold, which settled on my
lungs. I was unable to attend to my business
during the day. I would have dreadful coughing
spells, that I thought it was impossible for me to
survive unless I could get relief. The excessive
night sweats, had reduced my whole body to a
skeleton. I expectorated white frothy mucus,
in fact, should I give the full particulars of my
case, it would be almost incredible. I was recom-
mended to try Dr. Vandersmith's Indian Cough
Balm and Lung Balm. I consented; when I
used it about one week, my cough decreased
considerable, which gave me great hopes. I con-
tinued with the medicine according to directions,
and the result has been that I am restored to health,
a blessing that I have not enjoyed for years, until
the present. I sincerely believe had I not made
use of Dr. Vandersmith's invaluable medicine,
that I would be mouldering in the silent grave.
Therefore I believe that I am doing nothing but
what is justice, in stating the above facts, so that
you may slow it to all the afflicted who may call
upon you to administer to them. I shall be
pleased at any time to converse with the afflicted
who call upon me. Your grateful patient and
friend,

Consumption.
Staten Island, June 10, 1841.

Dear Sir—I take great pleasure in giving you
my certificate, last December I was attacked with
a severe cough, pain in my left side, loss of appe-
tite, and continual raising of white and yellow mu-
cus. Some days I missed a pint of mucus,
streaked with blood. I have been under the treat-
ment of a dozen physicians, I was recommended
by Dr. Mitchell of Philadelphia, to use a Breathing
tube, I purchased one, I only made use of it one
week, it was the cause of bringing on a hemor-
rhage of the lungs, which reduced me so much that
I was unable to sit up, my voice was entirely des-
troyed, it was difficult for persons to understand
me. I saw Dr. Vandersmith's Medicine recom-
mended very strongly by a patient whom he had
cured. I sent for half a dozen bottles. I received
great benefit from that, which induced me to pur-
chase a dozen bottles, I took according to the di-
rections, and it cured me perfectly sound.

Yours &c. ROBERT WILLSEY.

Hyer's Pills.
The American Improved Hygienic Vegetable
Medicine.
SAFE, CHEAP AND EFFECTIVE.
This medicine makes no pretensions to miracu-
lous powers, the raising of the dead, or to in-
crease and astound sales daily and hourly, af-
ter the most approved method of the times; but
bases all its claims upon plain common sense prin-
ciples, as a simple aid to nature in restoring the
human system to its proper tone and action, when
by carelessness or unavoidable circumstances it has
become deranged or debilitated, and asks simply a
faithful trial as a test of its curative properties.
During the last twenty years it has worked its
way into extensive use, wholly upon its own merits,
by commendation from individual to individual,
not having been advertised for more than twelve
years till within the past few months—since oc-
casionally in a journal of which the present propie-
tor is Editor. The increasing demand, however,
has measurably compelled greater attention to its
business, and agencies are now being established
throughout the country.

A faithful trial of a half dollar or dollar pack-
age is almost certain to secure use in every family
where it is introduced, where medicine is needed.
The undersigned has used it in his own family for
more than fifteen years—has knowledge of its ap-
proved use in many others. (For periods varying
from months to fifteen or sixteen years,) as their
only medicine, and knows it to be valuable in most
of the complaints incident to the human system.
But a long or extravagant commendation is not
designed or needed here. Ten thousand mere es-
sentials in its favor will not make it valuable, or
satisfy reasonable persons without a trial; for the
proof, after all, must lie in the use of it. Try it,
then. Read, try, and then judge.

**Bogle's Hyperion Fluid, Or Vegetable Hair
Composition.**

THE subscriber has been induced to bring this
article before the public, at the request of his nu-
merous customers, among whom are physicians
and citizens of the first respectability, who have
adopted its use in their families, and wish to share
the benefits of its advantages.

The Hyperion is composed of vegetable ingredi-
ents, the secret of compounding and blending which
is known solely to the subscriber. It is an arti-
cle in which a cleansing and purifying wash is
beautifully blended with a most delicate, silky and
glossy moisture never before attained, yet free of
animal grease or essential oils. It cleanses the pores
of the skin, causes a healthy action in the blood
vessels, nerves, &c., which feed the hair, thereby
preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff,
and other cutaneous diseases, disposes the hair to
curl, and changes the hardest hair into the most
soft, glossy, and healthy state, also imparts to it
a darker color, and the free use of it, both on the
skin and hair, in a most healthy and luxuriant
manner.

Ladies will find the Hyperion a great addition to
the toilet, both on account of its delicate and agree-
able perfume, and the great facilities it affords in
dressing the hair, which, when moist with the fluid,
can be dressed in any required form, so as to
preserve its place, whether plain or in curls.
When used on children's heads, it lays the founda-
tion of a good head of hair.

TO THE AFFLICTED.
DR. BANNING'S PATENT LACE!
An immediate Relief to Incipient Consumption, the
Bronchitis of Public Speakers, Palpitation
of the heart, Dyspepsia, Spinal Weak-
ness, Piles, Protrusion, and Diseases
of Women, without Medicines.

THIS instrument has been examined by Drs.
Mott, Rodgers, Francis, and Grison of New
York, the Faculty of Pittsburgh, Hartford, New
Haven and Middletown, and has obtained for itself
their favorable testimony. The following will
show what kind of testimony might be produced
in many cases: Middletown, June, 25th, 1843.

Dr. Boardman,
Sir—in answer to your inquiry respecting my
case, I will merely say, that I have been sick since
I strained my breast and loins in May, 1836, from
that time continued to grow worse, when in the
fall of '39, I abandoned business, and have not
done any thing since. I suppose from all I could
learn about my case—frequently raising blood,
coughing very hard and expectorating profusely,
deriving no benefit from my physicians, and all
medicines recommended to me, that my case was
hopeless. Last winter my brother told me he had
heard a good account of Dr. Banning's Lace in
such cases, and was anxious that I should try it;
accordingly I procured one from you, and since I
began to wear it, my breathing, which was very
short and laborious, has become easy and natural;
the pain and fluttering or palpitation of the heart
has subsided; cough and expectoration greatly
lessened, my limbs which were exceedingly pain-
ful have become useful, so that I can walk com-
fortably. I am able to shave myself with comfort,
which for many years I have not been able to do.
The piles, which have troubled me for nine years,
are nicely eradicated. I work some in the garden,
and am able to ride 4 miles at once with pleasure
and benefit. Yours, &c. WM. RINKER.

Dr. G. M. Boardman,
Middletown, June 25, 1843.

Dear Sir—in answer to your inquiries re-
specting the effect of Dr. Banning's Lace in the
case of my wife, I will state that for twenty years
past, she has been afflicted with a complication of
complaints to which females are subject. She has
tried all the physicians and all the medicines re-
commended for such complaints, without regard to
expense, and found only temporary relief. Her
most distressing complaints, palpitation of the
heart, oppression and a sense of great weight at
the pit of the stomach, protrusion of the womb, &c.,
were believed after wearing the lace two hours, and
she has continued to improve daily. With this
view of the case I cannot use language strong
enough to convey my approval of the instrument.
aug. 29th.

Doctor Boardman,—Dear Sir—I now take my
pleasure to inform you that my wife's health has im-
proved very fast for the last two weeks from wear-
ing one of your Laces. She has been out of health
about two years and has worn a different Support-
er from yours, which had only two pads. She re-
ceived some benefit from that—but it would not
produce a cure. But now I can say with pleasure
that she is as smart as any of the young girls in the
neighborhood. She can now run up and down
stairs as fast as I can, and I feel so well pleased
with it that I hardly know how or what to write.
But one thing I do now, that she has been under
the care of seven Doctors in one year—and wear-
ing your Lace two weeks has or will do the cure
in a very short time. I want to write more, but I
have no time. I am truly, your friend and well
wisher, J. S. S.

Doctor Boardman, proprietor of Bannings cele-
brated Patent Bone Brace, for this state, has taken
rooms at No. 8, Broadway street, where he may be con-
sulted, free of charge. He is enabled to treat suc-
cessfully, cases of Rheumatism, Neuralgia, Head-
aches, Deafness, loss of Voice, Bronchitis, Weak-
ness and curvatures of the spine, and chronic dis-
eases generally. He is enabled to refer to nume-
rous cases in Providence, and this town. aug 28

Mr. William Jackson, of 80 Liberty street, Pitts-

using two 3s. bottles of Jones' Coral Hair Restor-
ative, the hair is growing fast and thick, and will
soon be entirely restored.

since I have used Jones' Coral Hair Restorative,
it has entirely ceased falling—is growing fast, and

ca, do certify that Jones' Coral Hair Restorative
is the best article I ever used for dressing, soft-
ening, cleansing and keeping the hair a long time

thing else.

principally when its growth has been confined to
the upper lip and side of the face, giving a mascu-
line turn to the whole features. When used with
proper care, and according to the directions, it will
be found to be a great addition to the toilet, as the
use of any sharp instrument is entirely avoided,
and the hair is removed in five or ten minutes af-
ter its application.

This composition is infallible, and warranted to
remove superfluous hair. After numerous trials, I
have received certificates of success which cannot
be contested. For sale, wholesale and retail, at

IT is now about ten years since this medicine has
been introduced to the public, and it stands un-
rivaled in its effects, bearing the test of the severe
scrutiny of all classes, both friendly and unfriendly.
It is but for one purpose—for the use of Mothers
who have to pass through a sea of affliction in
giving birth to mankind, not to be described. It
is to you we make an appeal. It is for your ex-
plicit and general good that you should make use
of one bottle of the MOTHER'S RELIEF before
confinement. Then you can approach the par-
turient chamber without feeling as if you were go-
ing to the chamber of death. You may rest as-
sured it will still all ferber and nervous affection.
It soothes and shields from irritation and by
its peculiar properties it destroys the cause of, her-
morhage or inflammation that so often attend and
follow the hour of parturition. It causes sweet
and natural rest, and at last facilitates the birth,
so that Mothers have not to pass through such
excruciating pain and distress. The Mother's Re-
lief may be depended upon in all cases of threat-
ening abortion where it is possible to be prevented
in cases of Spasms, &c., causing frequent alarm,
from two to three doses will give immediate relief.

As the subject is one that cannot with propriety
be fully discussed in this public manner, we invite
all who feel interested to call on our agents (most
of the respectable Druggists in the United States,) or
on the manufacturer, and they will find all the
facts to form a correct opinion of its merits, and
also the opinions of many physicians of eminence,
and of persons who have become acquainted with
its beneficial effects.

CAUTION TO PURCHASERS.—Ask for Bar-
nack's Mothers Relief. None is genuine un-
less our signatures are found within the wreath
of the direction that is pasted on the bottle, signed
with our own hand, and over the neck of the
bottle is a fac simile of our own hand writing also.
By attending to the above directions, no one need
be imposed upon. All orders will be promptly
attended to.

Miracle.
ON the 4th of August, in the year 1813, a sin-
gular scene occurred in the Royal Scientific In-
stitution of France. The aged, white headed
President, his head bare, his arms outstretched, his
face radiant with smiles, (his science was triumphant,
) and his voice with gratulatory tone, delivered
the following report:

"We are astounded at this singular preparation.
Where indeed with science stop? Here we have
a preparation made in the form of a beautiful piece
of soap, which we know by actual practice, to
cure every cutaneous eruption, every disfigure-
ment of, and even discolored skin! Where will
its magic and singular power cease? The Negro,
the Creole, the Yellow Race of the East, and the
Red Man of the far West, are alike under the
influence of its extraordinary powers of clearing yel-
low or discolored skin, and making it white and
beautiful, and of changing the color of dark, or
black, or brown skin." (Here several persons
were brought forward by the President, who had
used it, in proof of his assertion.)

There are probably few persons of intelligence,
who, after reading the above, will doubt the qual-
ities of JONES' ITALIAN CHEMICAL SOAP, in
curing Pimples, Itches, Salt Rheum, Scoury,
Erysipelas, Sore Heads, Old Sores, Beard and
Barber's Itch, Chapped and Tender Flesh, Freck-
les, Tan, Sunburn, and changing dark sunburn
or yellow skin to a pure, clear white, as smooth
and soft as an Infant's, and in fact every kind of erup-
tion and disfigurement. Read these certificates:

[From the N. O. Sentinel, Oct., 1841.]
One of our subscribers, Mr. H. Leonard, in-
forms us that he has been cured of old, scaly Salt
Rheum, of eighteen years standing, on his head,
fingers and hands, by a cake of an article much
advertised lately—we speak of Jones' Italian
Chemical Soap. He also informs us that he has
tried its effects on his female slave Rose, much
marked with sun spots, and he found in two
weeks her skin much clearer and whiter.

James Eltham, a painter in Jersey City, was
cured of carbuncles and pimples, which he was
afflicted with for many years, by part of a cake of
Jones' Italian Chemical Soap.

Persons in purchasing this must always ask for
Jones' Italian Chemical Soap; and perhaps, as
many who have been cheated with counterfeits,
will be too much discouraged to try the genuine,
we say to such, try this once—you will not regret
it; but always see that the name of T. JONES
is on the wrapper. For sale in Newport by

READER! READER!
If you are afflicted with Bronchitis, Asthma, Ob-
stinate or common Coughs and Colds, Spitting
of Blood, Bleeding of the Lungs, Whoop-
ing cough, croup, difficulty of breath-
ing, sore throat, hoarseness, first
stages of consumption, and
all other Pulmonary
or Lung Com-
plaints, try
**DOCT. EMANUEL'S BALSMIC LUNG
AND COUGH JELLY.**

THE materials of this Jelly are purely vegetable
and balsamic, and are the invention of an emi-
nent physician, from whom the proprietor has pur-
chased the recipe. It is certainly worth its weight
in gold, but is put at a price to be within the reach
of rich and poor.

Names and residences of persons residing in the
city of New York, who have been cured or bene-
fited by Dr. Emanuel's Balsamic Cough and Lung
Jelly, when it was prepared in another form:

Mr. Hiram Anenis, 113 William-st., N. Y., had
for some time, a dreadful pain in his side and chest,
with a hacking cough, and shortness or difficulty
of breath. He used part of a bottle of Dr. Emanuel's
Balsamic Lung and Cough Jelly, which per-
fectly cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very
obstinate cough and cold. She tried every other
remedy in vain, and Dr. Emanuel's Balsamic
Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful
hearts of these respectable citizens of New York,
appeal to your hearts and understandings, if you
are afflicted with any pulmonary complaint,
cough, cold, &c.

Mr. L. W. Conklin, 102 Eldridge-st.
Mr. Alonzo Brown, 72 Reade-st.
Mrs. Morgan, 162 Front-st., Brooklyn.
Orange county, April 19th, 1846.

Dr. Emanuel.
Dear Sir—You may perhaps think my state-
ment almost incredible. My reason for fearing
so is the fact of your never recommending your
Jelly for the cure of confirmed consumption, but
only in its primary or first stages. I have every
reason to believe that I was in its last stage; my
physician told me so; my friends told me so; as
well did my symptoms, for they were truly alarm-
ing; and I felt fully convinced, that unless relief
was obtained, I must soon be consigned to the
narrow confines of the silent grave. But by the
timely use of your remedy, I still live, and again
enjoy my former good health. I had, indeed, dear
sir, all the alarming symptoms you speak of as
forming consumption in its worst stage; but by
the use of your Jelly, I again say, I am cured.

Yours, dear sir, with great sincerity,
ISAAC J. BEED.

And now, reader, having given you a plain
statement, let me conjure you to pause, ere it is too
late; try this Balsamic Lung Jelly—try it. I have
put its price to you as low as I can afford; if you
use it, and succeed in curing yourself, I shall have
the gratification of having rescued another from
consumption; and I hope, in return, that you will
not withhold from me your name, and a statement
of your cure.

MY FAU LUSTRAL HAIR RESTORATIVE.
This universally approved and admired article,
free from ardent spirits, pungent essential oil,
and other destructive materials, cleans the hair ex-
peditiously, renders it beautifully bright, and imparts
to it the delicate fragrance of the flowers. This
washed with this Extract soon becomes pleasingly
soft and luxuriant in its growth, and it will pos-
sibly bring in new hair on bald heads by its use;
and hair that has been made harsh, and is turning
gray or falling out, by the use of spirit or other im-
proper preparations, will soon be restored to its
natural color and brilliancy, by a few applications
of the Eau Lustral.

It is a preservative against baldness, and an
infallible cure in all affections of the skin on the
head, as dandruff, and for preventing the falling
off of the hair and turning gray.

Evidence.—Nature is an inexhaustible mine, in
which experience and study will always find room
to excavate; it is that source alone which pro-
duces all that man calls invention, and which he
would do better, perhaps, to name adaptation.

**Coggeshall & Bliss' Patent Cook-
ing Range.**

THE subscribers have just taken out letters pa-
tent for a new and beautiful cooking Range,
to which they invite the attention of the public.

This Range may be set in the ordinary fire place
and by a simple, though effectual apparatus, the
throat of the chimney may in an instant of time,
be opened or closed, so that the heat in summer and
the fumes from cooking at all times may escape
through the chimney.

Wood or coal may be used, and the evil of smok-
ing chimneys is completely remedied by its intro-
duction.

This Range is so constructed that it takes up but
a small space, and yet it contains all the qualities
of those which take up double the amount; and it
being constructed as it is, the Boilers are brought
in close proximity with the fire, and it consequen-
tly boils much sooner, and with a smaller amount
of fuel, than the old fashioned Ranges, or cook
stoves. It contains five boilers, four of which may
be converted into two, by taking out a cross piece,
and thus will admit of two large boilers at the
same time. It also contains and Oven 12 inches
wide by 21 deep, which cannot be surpassed for
baking.

The subscribers have one of their Ranges in op-
eration at their store, where the public are invited
to call and examine it, and if they will, they must
at once discover its utility. They also keep con-
stantly on hand all kinds of Parlor, Office, and
Cook Stoves, Tin Ware, &c., &c.
